Alvaria Performance™ Partner Certified Expert Install & Support

Product Supported

This certification exam supports Alvaria Performance installation and configuration. As such, it covers usage topics such as implementing coaching strategies and planning challenges for agents, designing performance dashboards, managing data loads, creating users and user roles, configuring permissions, and defining KPI metrics and scorecards, and more in order to achieve foundational knowledge in operating a Performance system from both a managerial and user administrator perspective. It also covers the installation and configuration of the Performance product.

It is highly recommended that you review all available Alvaria Performance guides, training, and reference documents prior to starting this exam.
