Alvaria™ CXP Certified Premise Expert

Product Supported

This exam supports Alvaria CXP specifically within a premise environment. This is a supplementary exam for individuals seeking an Alvaria CXP Certified Premise Expert designation and requires all test participants to have previously taken and passed the Alvaria CXP Certified Developer Professional exam. The Premise Expert certification exam does not cover topics pertaining to application development, but rather it tests management knowledge of CXP users, servers, sessions, and so forth via the CX Commander and CX Designer interfaces. In addition to these practices, the CXP Certified Premise Expert exam will also cover general system installation and configuration, CXP system architecture, and integration with Unified IP. It is highly recommended that you review all available Alvaria CXP guides, training, and reference documents prior to starting this exam.
