

Exam Information

Aspect[®] Workforce Management[™] Premise Partner Certified Master Installer

Product Supported

This certification supports Workforce Management installation and its five enhancement packages within a premise environment. For the written portion of this certification, test participants will encounter topics ranging from basic core installation to any of the installation tasks associated with Empower, Segment Export, Perform, Reserve, and Encompass; including any needed configuration and troubleshooting.

It is highly recommended that you review all available Workforce Management guides, training, and reference documents prior to starting this exam.
